

# Lea Pacman, Lea!

## Tongan vocabulary learning & speaking game!

*THANKS for Downloading this game pack. Be sure to check back for more printables at [letslearntongan.com](http://letslearntongan.com)*

These printables are free for personal and class use only. You may print as many copies as you require. Please share the link to my blog for other people who may be interested in this pack. Please do not sell, distribute, or link this pdf file on your own website.

- Directions:**
1. Print the game sheet and place in a plastic sleeve (or laminate for durability).
  2. Print the sight words (laminate for durability).
  3. Cut and add binder clips to your markers.

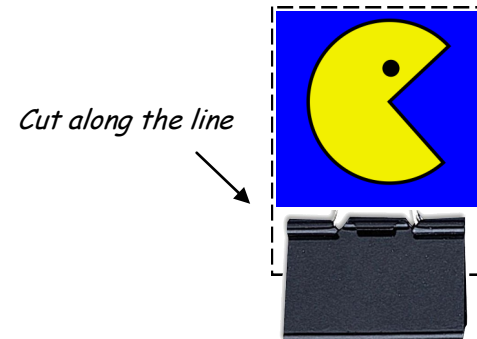

### HOW TO USE THIS FREE PRINTABLE?

This game was created to help learn the most common words used in a beginners classroom. It can be modified to cater for the different levels by simply pronouncing the word to a more advanced level by spelling or making a sentence with the sight word.

Mālo and have fun! Hema Fifita - [letslearntongan.com](http://letslearntongan.com)

How to make the marker.

Add a binder clip to the cut-out marker and then take the silver clasps off.
